HOW TO SIGN UP

Register in PeopleSoft to book your spot:
Search for the course codes below:
Day 1: 2022Q1
Day 2: 2022Q2

Don't miss this opportunity to develop innovative and secure assessments!

What QuestUP brings:

- **QuestUP operates independently of clickUP**, no need to hide any content
- **Use of questions across module codes**
- **Variety of question types available:** including an advanced multiple column matching question
- **Limit responses for multiple response questions:** no negative marking required
- **Case studies with separately timed sections:** sections can be easily randomised and navigation set
- **Rich metadata per question for analysis**
- **Sophisticated workflows** for question revision, marking and moderation
- **Timed feedback after assessments:** allowing more security for question bank while giving feedback to students
- **Extended blueprint:** set with learning outcomes and Bloom's taxonomy
- **Online invigilation features available while students take a test:** e.g. send messages to student(s), pause an assessment, give extra time per student, change password
- **Off-campus assessments** with a Safe Exam Browser
